INTRODUCTION

Welcome to the Master Pool Builders (MPB) community.

The MPB program opens the door to a distinguished network where skilled pool and spa builders are able to elevate their craft, share knowledge, and influence industry standards, ensuring a legacy of innovation, enduring quality, and excellence.

Choosing to become an MPB Member is a pivotal step in enhancing your profile and elevating the recognition of your professionalism.

OUR PURPOSE

Empowering individuals to build better pools & spas:

MPB's vision is to create a professional individual membership program that will recognise pool & spa builders in their pursuit for excellence and commitment.

Its aim is to develop a professional network of pool builders, who embody craftsmanship, ethical practice, and innovative solutions, collectively elevating industry standards and enhancing consumer trust and satisfaction.

OUR MISSION

MPB's mission is to promote aspirational pool builders and construction industry professionals by leveraging their experience, craftsmanship and innovation.

WHO IS A MASTER POOL BUILDER

The MPB program provides a flexible pathway designed to represent and support pool builders and their value to the industry by focusing on skills, achievements, succession planning and professional development at every stage in their careers.

The MPB Program is:

- **Accessible** to any individual pool builder who meets the MPB eligibility requirements and whose company is a member of SPASA
- **Inclusive** and designed to value/recognise the vast knowledge of its member's eligibility requirements and whose company is a member of SPASA.
- **Flexible** and focused on an individual's career pathway based on their experience, skills, knowledge, qualifications, and CPD; and
- **Aspirational** by recognising a pool and spa builder's pursuit of excellence and dedication to enhancing pool construction standards and innovation.

BENEFITS OF THE MPB PROGRAM

The MPB program supports the growth of its members to ensure their professional capabilities are continuously developed and recognised through:

- A dedicated advisory body tasked with championing the specific needs of the pool building sector at the local and national level
- Specific MPB award categories
- Dedicated MPB meetings and specific forums
- Exclusive co-branded MPB and SPASA approved contracts
- Enhancement of reputation and credibility among consumers, colleagues, and industry partners
- Elevating oneself in the marketplace through personal brand recognition
- Increasing recognition with exclusive MPB-branded marketing
- Highlighting best practice through a professional development framework
- Demonstrating a commitment to quality outcomes of customer stewardship
- Adhering to a disciplined strategy that ensures exceptional project management principles are consistently applied; and
- A commitment to high standards of quality, craftsmanship and innovation.

GUIDING PRINCIPLES

MPB Membership is underpinned by the following guiding principles:

Professional Development

Embracing a culture of education and training, integral to an MPB Member's journey of continuous improvement, which broadens their knowledge and extends their industry influence.

Innovation

Proactively introducing innovative ideas and generating value for customers and stakeholders, aligned with the evolving expectations of the industry and community.

Discipline

Maintaining personal and professional integrity through honest, ethical, and transparent practices.

Sustainability

A commitment to continuous improvement, awareness and understanding of sustainability principles and environmental stewardship to enhance the health and wellbeing of communities.

CATEGORIES

The MPB program acknowledges the industry leadership and expertise exhibited throughout a pool builder career. The skills, achievements, and professional development are recognised and rewarded through various MPB program levels.

By submitting a comprehensive career overview, which includes current qualifications, professional development milestones, and prior learning achievements, a pool builder can become eligible to apply for one of the distinguished levels within the MPB program.:

MENTORING

Mentoring is important as it provides skilled, experienced, and professional pool builders the opportunity to further develop their competencies as well as prepare for future growth opportunities.

The MPB program will provide members with the opportunity to participate in a mentor / mentee capacity to lift the next generation of pool builders, championing the promotion, growth, succession planning and protection of the swimming pool and spa industry.

MPB participants will have the following attributes:

- Expertise and proficiency in all aspects of pool and spa building
- Excellent communication and negotiation skills
- A willingness to listen and support their peers, regardless of experience level
- An understanding of different perspectives and cultures within the industry
- The ability to help their mentees develop new skills or refine existing ones; and
- A positive outlook and passion for the swimming pool and spa building profession.

CONTRACT & PROJECT SAMPLING

Contract and project sampling is a vital tool used by MPB to reduce risk and ensure best practice so that pool builders meet the required quality standards.

WORK HEALTH & SAFETY

MPB as part of its commitment under Work, Health and Safety may request evidence from members that promote a safe and healthy work environment through the implementation of comprehensive policies, training, and proactive measures to prevent accidents, injuries, and occupational hazards.

CUSTOMER SERVICE STEWARDSHIP

To ensure high standards of customer stewardship, the MPB program requires a commitment to exceptional customer service by consistently going above and beyond to meet and exceed customer needs, providing personalised assistance, and fostering positive relationships.
