2012 AWARDS OF EXCELLENCE

east your eyes on these stunning pools and spas. Welcome to a wonderful Poolside Showcase of the SPASA 2012 Awards of Excellence winners.

SPASA members never cease to impress with yet another amazing collection of entries. Our annual Awards of Excellence program is always hotly contested, and culminated with the announcement of winners at the National Gallery of Victoria on the 25th of August.

The gala was attended by all-time record numbers and is supported by leading industry players including Remco Australia, Spa Industries, Poolside magazine and Outdoor Design and Living magazine. Olympian and SPASA ambassador, Nicole Livingstone continues to emcee our "night of nights" while Dave Hughes kept the audience on their toes with a hilarious routine focussing on pools and swimmers.

Pools and spas add significant social value to our communities and are an iconic feature of the Australian way of life; never underestimate the value of a swimming pool. Your local SPASA member is the most valuable resource available when embarking on your purchase.

There are many technical and legal issues to consider, including contracts, permits, warranties, fencing, insurance, pumps, filters and chemicals. The best

way for consumers to ensure a stressfree purchase is to use a proven industry leader, a SPASA member. See the SPASA website for a complete listing of members at www.spasavic.com.au.

All members of the association are bound by a strict code of ethics and have specialist industry training and resources made available to ensure that the highest

levels of professionalism are maintained. Marvel at this collection of images, and enjoy your pool or spa. Well done to all Awards of Excellence participants.

THE INDUSTRY PEAK BODY

Established in 1961, the Swimming Pool & Spa Association of Victoria is the peak body of the pool and spa industry.

Its mission is to represent both SPASA members and the broader swimming pool and spa industry to the general public, government and relevant statutory bodies. The association strives to enhance its profile as a means of promoting the significant health and social value of pool and spa use.

Our core goals are to ensure the viability of our members businesses and to promote the highest levels of professionalism, ethical behaviour and standards within the industry.

Both pool and spa owners, and members interests, are represented on many technical and government committees, including Standards Australia and the Victorian Building Commission.

Among many others, we liaise closely with the Planning & Water Ministers Offices, DSE, Lifesaving Victoria, Water Authorities, Builder Warranty & Liability insurers. WorkSafe. Kidsafe and the Department of Consumer Affairs – all of which shape legislation and establish standards of workplace practices, safety, energy and water use.

To maintain the highest standards within industry, SPASA conducts industry Training Programs, Trade Events and publish member OHS training and resource materials.

SPASA also promotes the important consumer-focused Water Neutral Pool program as well as a Pool Water Donation program.

The association promotes pool and spa use to consumers in several ways, including the annual;

- The Pool & Spa Book
- Pool & Spa Expo (MCEC)
- Spa & Pool Show (MCEC)
- Awards of Excellence program

SPASA MEMBERS THE INDUSTRY PROFESSIONALS
