SPASA Victoria Proud Finalists for Association Achievement of the Year Award

SPASA Victoria is extremely proud to be announced as a finalist for the Association Achievement of the Year Award.

The Association Achievement of the Year Award is presented to an association that has made an outstanding achievement in a particular project, area of operations, governance, activity or initiative.

“SPASA Victoria is thrilled to be nominated for this important award. For over a decade, SPASA Victoria advocated for mandatory pool and spa barrier inspections in Victoria and we are elated that the decision to implement a mandatory barrier inspection program in Victoria has been made by the Andrews Government,” says SPASA Victoria CEO, Chris Samartzis.

The award is judged by Associations Forum, a body committed to assisting associations and charities in governance, operations, membership and finances.

SPASA Victoria entered this award with a submission on their [Pool and Spa Safety campaign](#), which [resulted in legislation change that mandated pool and spa barrier inspections in Victoria](#).

The Association Awards will be presented at Association Forum’s National Conference Dinner on Monday 15 July 2019.
